

ASCO® Breakthrough™

8 to 10 August 2024
PACIFICO Yokohama North, Japan and online

Shining a Light on Advances in Cancer Care

The 2024 ASCO Breakthrough meeting will bring together the worldwide oncology community for three days of interactive, high-impact scientific and education sessions. This meeting focuses on how innovations in technology create solutions and challenges in providing optimal care to patients and driving the most impactful research.

Congratulations to our NCIS clinician selected for awards and presentations at #ASCOBT24.

Dr Joline Lim
Senior Consultant
Haematology-Oncology

Oral Presentation & Abstract Award

A phase Ib/II study of pacritinib, an interleukin 1 receptor associated kinase 1 (IRAK1) inhibitor, in patients (pts) with solid tumors harboring the 1q21.3 copy number amplification (CNA)

The Abstract Award will be granted to the presenting authors of the 40 highest-rated abstracts selected for presentation at the ASCO Breakthrough Meeting. The awards are supported by the Mission Endowment of Conquer Cancer®, the ASCO Foundation.
