

27 to 29 June 2024
Lille Grand Palais, France

The MASCC/AFSOS/ISOO 2024 Annual Meeting is a collaboration between Multinational Association of Supportive Care in Cancer (MASCC), the Association Francophone des Soins Oncologiques de Support (AFSOS), and the International Society of Oral Oncology (ISOO), to host the preeminent international meeting on supportive care in cancer. The overall theme of the meeting is to 'Empower People Impacted by Cancer and Living with Toxicities'.

Congratulations to our NCIS clinicians selected for awards and presentations at #MASCC24.

Dr Aishwarya Bandla
NCIS Affiliate Member
Adjunct Senior Research Fellow
The N.1 Institute for Health, NUS

MASCC Innovator Award

Invention of the Paxman Limb Cryocompression System, a joint development by NCIS, NUS N.1 Institute for Health, and Paxman Coolers Ltd

The Innovator Award recognises an individual with novel, bold thinking and impactful, non-traditional, out of the box idea(s) that have changed or enhanced direction, practices, and services in supportive cancer care (related to MASCC or outside of MASCC) within the past two years.

Dr Rachel Wong
Associate Consultant
Haematology-Oncology

Oral Presentation

Safety and efficacy of limb cryocompression to prevent chemotherapy induced peripheral neuropathy in patients receiving taxane-based chemotherapy
